

ENERGY+™

What It Is

Amare ENERGY+™ Dragon Fruit is a food supplement that combines vitamin C, inulin, L-glycine and carefully selected plant extracts, presented in convenient, ready-to-mix sachets with a light dragon fruit flavour.

Sweetened with steviol glycosides from stevia, it contains no added sugars and offers a clean, fruity taste.

Why You'll Love It

Experience a refreshing way to support your daily vitality with Amare ENERGY+™ Dragon Fruit – a delicious, sweetened supplement designed to fit modern wellness routines.

Each sachet delivers vitamin C which contributes to normal energy-yielding metabolism, the normal function of the immune system, and to the protection of cells from oxidative stress.

Each sachet also contains inulin, a plant-based fibre, and glycine, an amino acid.

Enriched with botanical extracts from apple, grape seed, maritime pine bark and pomegranate – all naturally containing polyphenols.

How It Works

Vitamin C contributes to:

- normal energy-yielding metabolism
- the normal function of the immune system
- the protection of cells from oxidative stress
- the reduction of tiredness and fatigue

Inulin is a non-digestible dietary fibre.

L-Glycine an amino acid.

Apple, grape seed, maritime pine bark and pomegranate extracts are naturally rich in plant-derived polyphenols, together with dragon fruit flavour.
