

advanced gut-brain nutrition*

Mental wellness has been misunderstood for a long time. New science shows that our levels of happiness v. sadness, optimism v. pessimism and togetherness v. loneliness, are not just all in our head. In fact, a key contributor to mental wellness is determined by what is going on in our second brain —our gut. This science is the foundation for MentaBiotics™ Sugar Free.*

MentaBiotics Sugar Free is the most comprehensive combination of unique strains of probiotics (good bacteria), prebiotics (encourages growth of good bacteria) and phytobiotics (protects good bacteria) in a premium all-natural dietary supplement that have been scientifically proven to optimize mental wellness. It features Amare's MW3TM Proprietary Blends, which contain probiotics and prebiotics. The MW3 Proprietary Blends contain three specific prebiotic fibers that feed our three unique mental wellness probiotic strains. And now with the addition of IsoFiber™, a naturally sweet prebiotic, this updated formula doesn't need cane sugar for added sweetness.*

MentaBiotics Sugar Free supports the growth and vitality of a range of friendly gut bacteria to increase the production of "feel-good" neurotransmitters, such as dopamine and serotonin. In fact, 90% of our serotonin, the primary neurotransmitter responsible for our happiness and mood, is produced and located in the gut. This unique formula directly contributes to your mental wellness via the gut-brain axis.*

The MW3 Prebiotic Proprietary Blend in this product strategically nourishes a range of beneficial gut bacteria, particularly Lactobacillus and Bifidobacterium species featured in MentaBiotics™ (IsoFiber™, Bimuno® GOS and SunFiber™).*

Increase your good bacteria and help your body support your feel-good neurotransmitters with MentaBiotics Sugar Free today!*

SUGAR FREE

Featuring Amare's MW3[™] Proprietary Blends, MentaBiotics[™] is the most comprehensive combination of unique strains of probiotics, prebiotics and phytobiotics that have been scientifically shown to improve mental wellness.*

Other ingredients: natural flavors, citric acid, malic acid, stevia leaf extract. CONTAINS Milk and Soy.*

*Milk and Soy ingredients are used in the growth/culture media to nourish our probiotic bacteria during the production process, but the finished probiotics do not contain appreciable levels of Milk or Soy.

MentaBiotics™ Sugar Free provides gut support through our MW3™ Prebiotic Proprietary Blend, which is specifically formulated to feed the bacteria in our MW3™ Probiotic Proprietary Blend.*

MW3 Probiotic Proprietary Blend

Our blend contains unique and specific probiotic strains targeted to enhance overal mental wellness.*

MW3 Probiotic Strains:

Lactobacillus rhamnosus RO011: Reduces stress by lowering cortisol exposure and improves GABA neurotransmission*

Bifidobacterium longum R0175: Enhances calmness by decreasing anxiety indices and improves cognitive function*

Lactobacillus helveticus RO052: Improves mood by decreasing neuro-inflammation and increasing serotonin*

MW3 Prebiotic Proprietary Blend

Our MW3 Prebiotic Proprietary Blend provides optimal gut support by feeding the specific mental wellness probiotic strains found in our MW3 Probiotic Proprietary Blend.*

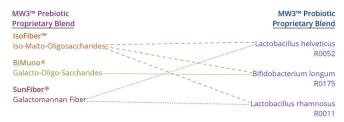

MW3 Prebiotic Fibers:

IsoFiber™ (Iso-Malto-Oligosaccharides) — Contains a combination of naturally occurring prebiotic plant fibers that are clinically shown to improve the growth of specific probiotic strains featured in Kids FundaMentals™ and now MentaBiotics™ Sugar Free!

Bimuno® (Galacto-Oligo-Saccharides) — Resets and increases friendly gut bacteria, maintains immune health, controls inflammation in the body and supports your microbiome balance. Is highly effective and a natural way of increasing preferred bacteria in your gut. Plays an important role in feeding Bifidobacteria probiotic strains*

SunFiber® (Galactomannan Fiber) — Helps improve the growth and vitality of beneficial bacteria, including Bifidobacteria and Lactobacillus.*

Which prebiotics match up with our mental wellness probiotics?
