

Amare Brand Partner Move Request Form

Requestor Name	Amare ID	Requestor Email on File

Is this move within policy or an exception?* ☐ Within Policy ☐ Exception

Within-Policy Requests are placement moves requested within 30 days of enrollment. In addition, Within-Policy Requests are enrollment moves requested to be moved to the current placement Brand Partner. Exception Requests are organizational moves requested outside of policy or after 30 days of enrollment and can only take place under extenuating circumstances and only if Amare Global and the Brand Partner’s immediate upline and upline Leader(s) all approve of the change. Please note Customers cannot be moved and would be considered an Exception Request.

Please note, Amare will ultimately determine whether a move request is Within-Policy or an Exception Request. Exception Requests are reviewed by the Exceptions Committee. A valid reason for an exception is required. If one is not provided, it may alter the decision of the Exceptions Committee. Submission of this form does not guarantee the recommended move will be processed. Starting June 5th, a \$50 fee will be applied per exception move. This fee is non-refundable even if the request is denied. Please check the box below to agree to these conditions.*

☐ I agree to these conditions.

Please note, per the above terms, that a \$50 non-refundable fee may be applied to complete this request starting June 5th, 2023. Exception Requests can take up to 45 days to be reviewed. Any Exceptions moves received after the 25th of the month will be reviewed for the following month and is not retroactive to the submission date. Due to our Commission system processing, Within-Policy Requests will be approved immediately, but may take up to 2 weeks to be processed.*

☐ I agree to these terms.
