

AMARE EDGE+™

What It Is

Amare EDGE+™ Mango Stick Packs—Synergistically potent plant-based nootropic in a supercharged formulation that supports mental flow, body and mind endurance, healthy memory, neuron regeneration and motivation.*

How It Works

- **Mango Leaf** supports mental flow.*
- **Lychee fruit** supports body and mind endurance.*
- **Palm Fruit** supports enhanced neuron regeneration.*
- **Lion's Mane** supports neuron regeneration and healthy memory.*
- **Contains Citicoline**, a precursor to neurotransmitters.*
- **Natural caffeine** from Green Coffee Beans supports body and mind energy, cognitive performance and attention.*

Why You'll Love It

Everything you love about Amare EDGE with 3 additional plant-based ingredients formulated to supercharge your nootropic experience.*

How To Use It

Thoroughly mix 1 stick pack into 8 oz. of water. Do not exceed four stick packs per day.

What is a nootropic?

Nootropic (noun)

no·o·tro·pic | \nō-ə-'trō-pik\

Also known as "cognitive enhancers," nootropics are supplements, and other substances that have a positive impact on mental skills. They might improve cognitive function, particularly executive functions, attention, memory, creativity, or motivation, in healthy individuals.*

AMARE EDGE+™

The Science of EDGE+

Amare EDGE+ combines our original EDGE formula with three additional innovative ingredients, for a supercharged nootropic that's mango-licious.

Amare EDGE Proprietary Blend:

Bringing together 3 unique botanicals – Mango Leaf from Africa, Lychee Fruit from Asia, and Palm Fruit from Central America – the original proprietary Amare EDGE Blend helps to address one of today's most compelling consumer demands – languishing.

Mango Leaf (is high in xanthenes that support healthy inflammatory response and support mental flow while also supporting both psychological motivation and physical performance.*

Lychee Fruit is rich in bioavailable polyphenols that aid body and mind endurance and support glucose metabolism.*

Palm Fruit Bioactives Complex (PFBC), sourced exclusively from sustainably-harvested palm fruit, is high in unique water-soluble shikimic acid flavonoids. Working with scientists from MIT, we found PFBC to improve neurotrophic factors (BDNF) which supports neuron regeneration, neurotransmitters (dopamine), mood, and microbiome balance.*

Body & Mind Energy Proprietary Blend (NEW!):

The “plus” in EDGE+ is The Body & Mind Energy Blend, which adds the synergistic combination of Lion's Mane, Citicoline, and natural caffeine from Green Coffee Beans, making Amare EDGE+ Mango an excellent choice anytime you need a delicious supercharged nootropic.

Lion's Mane has been used in traditional Chinese and Asian medicine for centuries and is often referred to as the “Mountain Priest” to support neuron regeneration and healthy memory.*

Citicoline is a naturally occurring neuroprotective and is a precursor to neurotransmitters.*

Natural caffeine (100mg) from Green Coffee Beans is a “clean” caffeine containing chlorogenic acids which support comprehensive health benefits. Historically, this is known to support body and mind energy, cognitive performance and attention.*

Supplement Facts
Serving Size: 1 Stick Pack (3 g)
Servings Per Container: 30

Amount Per Serving	%DV
Sodium	60 mg 2%
