

AMARE EDGE™

What It Is

A natural source of antioxidants that fights the oxidative effects of free radicals.

How It Works

- We've combined Mango Leaf, Lychee Fruit and Palm Fruit: 3 synergistically powerful ingredients known for their antioxidant effects.

Why You'll Love It

- A natural source of antioxidants formulated without calories, sugar, caffeine, GMOs, soy, dairy, gluten, animal products, preservatives, and artificial colours, flavours or sweeteners.

How To Use It

Directions for use (Adults 18 years and older): Mix one serving (scoop/ packet) into 8 oz. (250 ml) of water or desired beverage, up to twice daily. Consult a health care practitioner for use beyond 15 days.

The **SCIENCE** of Amare EDGE

Amare EDGE is an all-natural source of antioxidants.

How does it work?

Amare EDGE brings together 3 unique botanicals from Africa, Asia and Central America.

Mango Leaf, Lychee Fruit and Palm Fruit are natural antioxidants that work synergistically to help reduce the oxidative damage caused by free radicals.
