

DERMABIOTICS™

PLANT-BASED REGENERATING SERUM

What It Is

- An all-natural topical serum with targeted prebiotics, probiotics, and phytobiotics that directly nourishes the skin's microbiome.
- Skin microbiome support: Lactococcus Ferment Lysate (probiotic), Laminaria Digitata & Chlorella Vulgaris (algae phytobiotics)
- Hydrolyzed Soy Fiber (prebiotic), Tocotrienols, Hyaluronic Acid
- Sea Water mineral blend

How It Works

Our cutting-edge Plant-Based Regenerating Serum is a clean, all-natural, topical skin serum that directly nourishes the skin microbiome from the outside-in with targeted prebiotics, probiotics, and phytobiotics. Just like the gut, the skin has its own unique ecosystem of bacteria, fungi, and viruses that impact how it functions. Amare's DermaBiotics Plant-Based Regenerating Serum balances the skin's natural barrier and supports a firm, hydrated, glowy complexion.*

Why You'll Love It

- Supports firm, hydrated, glowy skin.*
- Protects the skin barrier.*
- Balances and nourishes a healthy skin microbiome.*
- Reduces the appearance of wrinkles, fine lines, and redness.*
- Clean, plant-based, all-natural. No chemical bombs.*
- Cruelty-Free. No animal testing. Ever.
- EWG Verified for clean ingredients.

How To Use It

After cleansing, apply one pump in a thin layer to the face and neck. Follow with a moisturizer of your choice if desired. Use with DermaBiotics™ Plant-Based Collagen Boosting Spray for synergistic gut-skin axis optimization.

The **SCIENCE** of DermaBiotics

PLANT-BASED REGENERATING SERUM

Optimize your gut-skin axis.

The gut microbiome and skin are connected by the gut-skin axis. Optimizing this connection is the foundation to healthy, resilient skin.

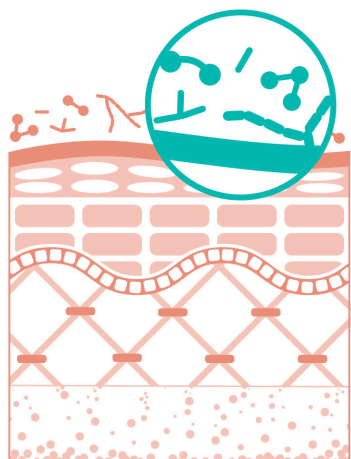

Nourished skin from the outside-in.

DermaBiotics Plant-Based Regenerating Serum delivers targeted prebiotics, probiotics, and phytobiotics directly to the skin's surface, providing balance to the skin microbiome and protection to the skin barrier.*

Skin microbiome support means your skin's layers are strengthened and protected — leading to healthier-looking, glowing skin.

- **Prebiotics:** (*Hydrolyzed Soy Fiber*)
- **Probiotics:** (*Lactococcus Ferment Lysate*)
- **Phytobiotics:** (*Laminaria Digitata, Chlorella Vulgaris (algae)*)
- **Sea Minerals, Hyaluronic Acid, Antioxidants**

DermaBiotics™ Plant-Based Regenerating Serum is a clean, all-natural, topical serum that helps nourish the skin's ecosystem to create a prime environment for skin cell regeneration* and to:

- Balance the skin microbiome*
- ≈ Protect the skin barrier*
- Tone and smooth skin*
- ♥ And it's cruelty-free. No animal testing. Ever.

Caution: For topical use only.
Avoid direct contact with eyes.
Discontinue if irritation occurs.

Ingredients: Water, **Bioactive Delivery Matrix** (Coco-Caprylate/Caprate, Phenoxyethanol, Lauroyl Lysine, Sea Water, Lecithin, Glycerin, Ethylhexylglycerin, Citric Acid); **Microbiome Nourishing Blend** (Lactococcus Ferment Lysate, Xanthan Gum, Sclerotium Gum, Pullulan Gum, Laminaria Digitata Extract, Chlorella Vulgaris Extract, Saccharide Isomerate); **Collagen Support Blend** (Linolenic/Linoleic Acid Blend, Hydrolyzed Soybean Fiber, Sodium Hyaluronate, Silica, Tocotrienols, Superoxide Dismutase)

**Verified by the
Environmental
Working Group**

Verified by the Environmental Working Group (EWG), this serum has passed the personal care industry's highest standard for clean ingredients. EWG only verifies products that are free of chemicals of concern and transparently produced—it's no surprise that DermaBiotics™ Plant-Based Regenerating Serum passed with flying colors!
