

# AMARE EDGE+™ STRAWBERRY BLISS

## Why You Need It

Have you ever felt like you've lost your edge? Maybe your mind isn't firing like usual, or you can't find your flow. Limited Edition Amare EDGE+™ Strawberry Bliss is formulated with ingredients made for those moments. Whether you've got a lot on your plate, need to kick things into gear, or stop feeling scattered, the ingredients in Amare EDGE+ Strawberry Bliss can help you stay dialed in when it matters most.

## How It Works

Limited Edition Amare Edge+ Strawberry Bliss is designed with high-performance plant-based nootropics including Nutricog®, a patented blend of Boswellia and Haritaki, plus Mango Leaf and Lion's Mane.\*

- Nutricog® is clinically demonstrated to improve a wide range of areas in cognitive function, including focus, attention, learning, working memory and executive function, plus it has shown improvements in cognitive speed and accuracy while multitasking.\*
- Mango Leaf is a sustainably sourced, botanical powerhouse that's packed with beneficial compounds and a variety of bioactive nutrients to help support motivation and mental flow.\*
- Lion's Mane has been used in traditional Chinese and Asian cultures for centuries and helps to support neuron health and memory.\*

# The Science

Nootropics are the new way to stay sharp. This category of ingredients is known to support and enhance mental performance by promoting neurotransmitter activity and helping the brain perform, even under pressure. Amare EDGE+ Strawberry Bliss is an expertly formulated plant-based blend of nootropics that support motivation, mental flow, memory and more.\*

## In clinical studies the key ingredient Nutricog® has shown:

- 1.4x improvement in Immediate Recall\*\*
- 2.3x improvement in Delayed Recall\*\*
- 1.6x improvement in Overall Learning\*\*
- 2.7x improvement in Learning Rate\*\*
- 11.5x improvement in Focus\*\*
- 2.1x improvement in Recognition Index\*\*
- 2x improvement in Brain-Derived Neurotrophic Factor (BDNF)\*\*

\* Improvement at 120 days over baseline performance

\*\* These outcomes were statistically significant compared to placebo in the clinical study
