microbiome-boosting plant protein*

17 GRAMS
OF ULTRA-PURE,
PLANT-BASED
PROTEIN*

NOURISHES
GOOD GUT
BACTERIA*

HELPS CONTROL
APPETITE AND
SUPPORTS
MUSCLE MASS*

Our days are usually filled to the max. Especially on busy days, we don't always have the opportunity to get the nourishment our body needs. Many people find themselves skipping meals, eating a fast-food meal, or perhaps making a protein shake for a breakfast pick-me-up or an afternoon perk. The problem is, many of us are consuming bad protein powder, which lack diverse amino acids, have fillers, or are just low quality in the kind of protein they have. They usually taste bad too. Our opportunity was to formulate a protein powder that was not only great for your body but tasted great too!

Introducing Amare GBX Protein™, the world's first protein powder specifically developed to support the gut-brain axis and boost the gut microbiome! The Amare Microbiome-Boosting Protein Blend features Artesa® Chickpea Protein, which gives a nice texture and flavor to the blend. The chickpea blend is formulated with premium, sustainably sourced chickpeas — so it's not only good for your gut, but for the environment too. The blend is completed with the inclusion of high quality brown rice and pea protein which help control appetite, promote cardiovascular health, and speed metabolism.*

Our GBX Protein packs a protein punch, delivering 17 grams of pure plant protein. Our unique chickpea, brown rice and pea protein blend nourishes good bacteria in the gut and improves microbiome balance, while controlling appetite and supporting muscle mass. Our specialized blend is smooth (not gritty!) and flavorful, unlike some other protein blends on the market.*

This protein-filled blend comes in two delicious flavors, chocolate and vanilla, so that you can easily add it to milk/ non-dairy milk or mix it with your favorite shake.

Plus, it's Reboot+ friendly, and works wonders to support an optimized Amare reboot! Make sure to add it to your daily diet for a great source of nutrition.*

GBX Protein™ delivers 17 grams of pure plant protein. This unique chickpea, brown rice, and pea protein blend nourishes good bacteria in the gut and improves microbiome balance, while controlling appetite and supporting muscle mass. Fully-loaded with only functional ingredients, this potent formula supports the gut microbiome, helping fuel a healthy lifestyle.*

- 1 Nourishes good gut bacteria*
- 2 Improves microbiome balance*
- 3 Helps control appetite*
- 4 Supports healthy muscle mass*
- 5 Increases feeling of fullness*
- 6 Increases energy*
- 7 Each serving contains 17 grams of ultra-pure, plant-based, Non-GMO, vegan protein with precise ratios of 9 essential amino acids, optimized for high protein quality*
