

REBOOT+

reset your gut-brain axis
with this 3-day system*

A synergistic blend of natural cleansing herbs and phytonutrients to assist the body's own detoxification process - specifically formulated to reboot your gut-brain axis in 3-days.*

Your body processes an immense amount of information every day. Hundreds of thousands of neurotransmitters are constantly emitting millions of internal messages and signals between your gut and brain. Conversely, your brain and gut are also continually exposed to chemicals, pathogens and oxidative stress that can impact how effectively you process these internal messages. These external influencers can add a tremendous load to your gut-brain communication pathways and cause it to become sluggish.

Occasionally, it is essential to "reboot" our body – particularly our gut and endocrine organs – in order to improve the formation of neurotransmitters and the communication along the gut-brain axis.

Amare's **Reboot+** is the first and only 3-day "scientific reboot" program designed to reset your gut-brain axis. It sets a healthy, clean foundation for your microbiome so you can obtain optimal results with the world's first award-winning gut-brain axis nutrition system - the **Amare FundaMentals Pack**.

Reboot+ is formulated with patented and plant-based ingredients to support the natural cleansing and filtering of your colon, kidneys and liver. When combined with our recommended meal plan, your body will be rebooted and ready for optimal functionality in 3 days!*

Begin by resetting your system with **Reboot+** and follow up with the **Amare FundaMentals Pack** for exceptional overall wellness.*
